**Updates to Turnaround
Compliance Report, Bug Fix for
Transcription History Report**

Release Notes

What's New?

DeliverHealth is pleased to announce several updates to InQuery's **Turnaround Compliance** report and a bug fix for the **Transcription History** report.

Turnaround Compliance Report

The Turnaround Compliance Report includes a new column for audio file length and new multiselect parameters.

Turnaround Compliance Report – New Column

A new **Audio Length** column has been added to report results. The file length is displayed in hh:mm:ss format.

Turnaround Compliance – Parameter Updates

Added the ability to select multiple options for the following parameters:

- Locations
- Clinicians
- Document Type
- Departments

For multiselect parameters, 'All' will be selected by default. To choose specific options, de-select 'All', then check which options to include.

Solved Issue:

- In the Transcription History Report, the Version column now correctly displays data that is specific to each version rather than data for the most recent version.
